

Rapid Deposit

Streamline your deposit process!

Near or far - you're always right around the corner from a LaPorte Savings Bank office with Rapid Deposit! With the implementation of Check 21, depositing checks is no longer routine. With Rapid Deposit services from LaPorte Savings Bank, you can deposit checks into your business account without ever having to leave your office. Simply log in to our secure remote deposit capture site, scan your checks, click submit and your deposit is done! The system allows you to verify check amounts, view scanned images for accuracy and maintains a history of past transactions for easy record-keeping.

What can Rapid Deposit do for your business?

- Offers quicker funds availability with extended deposit cut-off times!
- Reduces trips to the bank!
- Keeps employees safe. Rapid Deposit reduces the risks in transporting large deposits to a bank branch.
- Enables your corporate office to see deposits being submitted from multiple store/site locations.
- Helps your business realize additional working capital.
- Consolidates banking relationships and reduces associated reconciliation paperwork and costs.
- Assists you in identifying return items faster, reducing fraud risk.
- Allows you to see deposits online with an electronic image archive.

Deposit Flow Process

Scan checks and submit deposit to processing center.

Processing center verifies deposit and returns file for confirmation.

The deposit is made to your account!

Confirm deposit is accurate and submit for final processing.
